

## Roles of TSG

- Become familiar with the Center's technical activities and comment on their value to DOE Technologies and to industry.
- Provide information from a technology perspective – insight into, and vision of, what is important. Identify technological barriers.
- Influence (steer) the direction of the Center's program. Help develop ideas which can make the Center more effective.
- Take home information and foster closer interactions between the Center, DOE Technologies and industry. Help the Center develop more effective mechanisms for working with DOE Technologies Offices and with industry.
- Become an advocate for, and support the Center's objective to be a model of R and D integration and collaboration within DOE, its Laboratories and with university and industry partners.
